

Health Affairs &

GLOBAL HEALTH POLICY

HEALTH AFFAIRS IS THE LEADING JOURNAL OF HEALTH POLICY WORLDWIDE.

From its inception in 1981, the multidisciplinary peer-reviewed journal has included global health policy research and thought alongside U.S. domestic health policy content to promote the understanding and dialogue on innovative research and policy approaches across countries. *Health Affairs'* mission is to serve as a high-level, nonpartisan forum to promote analysis and discussion on improving health and health care, and to address such issues as cost, quality, and access to care.
